RIDER FOR L'ANIMAL STUDIO

SPACE

Width 12m Length 12m Height 5.5m to the base of the structural trusses and beams

Floor made of Flanders pine treated with natural oils to be used with bare feet or shoes that do not leave marks on it. It is important not to spill liquids on it, hit it with heavy objects, use wheels that mark the wood or stick tapes directly to the surface that may leave traces of glue. If you need anything special, you should talk to the team to find ways to do it.

5 strips of dance floor 10*10m long and 2m wide

Possible backgrounds for the performance space:

Cyclorama of white PVC, 14m wide x 9.5m high

Cyclorama of light grey PVC 11 m wide x 7 m high

Cyclorama of dark grey PVC 11 m wide x 7 m high

Cyclorama of anthracite PVC 10 m wide x 7 m high

The ceiling of the room can be used almost in its entirety. It is made up of a system of moving beams that cover the whole space, and it is also possible to place trilites and bilites on top of the structure, or tubes to hang lighting from, and/or various components of sets.

Free wifi.

SOUND

1 Behringer Xenyx X2442 USB (10 ch Balanced / 4 ch Stereo/ 4 Auxiliars)

1 Microphone Audio-technic ATW-T52 (wireless)

1 SM-58 2 microphone bases

Permanent Studio Equipment: 4 DB Technologies LVX 10 400w (fixed in rigging to the grid) 2 DB Technologies Sub 12D 800w

Equipment that may be added to the permanent equipment:

4 Wharfedale 15" 250w speakers 2 Auto-amplified DAS 300W speakers 2 Auto-

amplified Behringer 150W speakers 1 Behringer 2x500w amplifier 1 STAGELINE

2x400w amplifier
